

Hawkins County Schools Compact Between Home and School

The Mission of the Hawkins County Board of Education, in partnership with all stakeholders, is to Educate and Graduate Each Student.

Hawkins County School System values the involvement of parents and community in the education of our students. We understand that a strong partnership between home and school is essential for students to meet high academic standards. Without a partnership, education will not meet its full potential. Each stakeholder must agree to complete their role to support student success in school and in life.

Teachers' Pledge: I understand and believe in the mission of Hawkins County Board of Education. In order to help each child achieve his/her educational best, I agree to:

- Create a partnership with every family in my class.
- Communicate regularly with parents about the progress of the student.
 - Provide mid-six week progress reports to parents.
 - Provide information to parents on how to contact me during school hours through phone or email.
 - Conduct parent-teacher conference according to the system calendar and when deemed necessary by the teacher or requested by the parent.
- Explain my approach to teaching, expectations and grading system to students and their families.
- Understand that all children do not learn in the same ways, therefore I will continually work on my teaching strategies so that I can successfully teach all children in innovative ways.
- Make sure students understand the assignment and what they'll learn from it, and grade it promptly.
- Make sure all students get help as soon as it's needed.
- Provide parents with additional help if they need assistance in helping their child with homework.
